## **FALL APPLICATION DEADLINES**

If you are already in a degree or non-degree program and want to take a coaching class in the fall semester for credit you may still register through S.I.S. It is past the deadline to register for a degree or non-degree program if you are a new student. The application deadline to register as non-credit/audit is one week prior to the beginning of class. Application forms can be found [here](#).

Discover Coaching is an event where you can learn more about coaching in different settings, hear testimonies from current coaching students and alums, see live coaching demos and have an opportunity to get your questions answered about coaching. As it gets closer, we will have a registration page for the event in October.

The Discover Coaching event will be offered twice this year:
