

CERTIFICATES

Foundations in Biblical Studies

This certificate will help you understand the basic structure of the whole Bible, trace its basic themes, and cover the vital content of both the Old Testament and the New Testament. You will come away with a filing cabinet into which you can insert newly discovered truth as you study the Bible for yourself.

Foundations in Theological Studies

All Christians have been commissioned by Christ to be His agents of hope in the world. Christian leaders are called to lead others in their understanding and appreciation of our great God and his work. This certificate will provide a solid theological foundation that will enable you to do that more effectively.

Christians in the Marketplace

This certificate will guide you to an understanding of God's view of work and how it can be lived out in the marketplace of life. You will be encouraged and challenged to think Biblically about faith, work and the economy. You will be equipped to live for God in a world that doesn't.

Elder Training

The role of the elder is critical to the health and ministry of the local church. In our newest certificate, experienced church leaders share helpful insights that will benefit every church leader.

*Indicates course is required to earn a certificate of completion for that track.

THE DETAILS

FORMAT

Courses are filmed in either a classroom setting or Western Seminary's studio. Upon registering for a course, you will create an account, allowing you to access the video online for one year.

PRICING

Complete any certificate for \$100. By enrolling in a certificate track, you are given access to every course in that track. A minimum of 20 hours must be completed to earn a certificate. For individual course rates, please see price list next to courses.

CUSTOMIZATION AND GROUP LEARNING

Church groups are invited to complete a certificate course together as a cohort. Western Seminary staff members will help your group get started and be available to you as your group completes their training. This is a wonderful way to have a significant impact on the life of your church or ministry. For special cohort pricing, please contact CLD Director Jim Hislop at 503.997.6167 or jhislop@westernseminary.edu.

COMPUTER SYSTEM REQUIREMENTS

CLD courses are delivered online through your preferred web browser. We recommend either Google Chrome or Internet Explorer for media viewing. You will need a web-capable device with the ability to stream and view course media (MP4 format), with access to a high-speed broadband Internet connection.

To view bio information on instructors, please visit: www.westernseminary.edu/centers/wsclcd/cld-faculty.

DEVELOPING CHURCH LEADERS

Western Seminary established the Center for Leadership Development to support the local church in equipping God's people for ministry. These are tools that every church leader can use to supplement the on-going teaching and equipping of those God has entrusted to them. We have worked diligently to provide a wide range of low-cost, high-quality, and biblically sound instructional courses and will continue to develop these offerings as resources are available.

Successful completion of a minimum of 20 hours in any certificate track entitles the participant to a Western Seminary non-credit certificate for that track. Courses may be combined to create a custom certificate for your church cohort. We would count it a privilege to work with your church leaders to design a certificate track that would meet the needs of your particular church.

Thank you for your service to Christ and to His teaching ministry. We look forward to working with you and your church.
