73 TOTAL CREDITS	6 CREDITS	7 CREDITS	5 CREDITS

* Take this course during your first semester (offered every semester) # Course has prerequisite, listed below course in blue. + Course offered online.

Before you begin counseling in the field (Practicum) these things are required:
CNS 501, 502, 504, 505, 506 & 507 are prerequisites for practicum. In addition, 10 hours of personal psychotherapy are required prior to entering practicum.

Graduation requirements: Each student must complete 20 hours of personal therapy with a licensed therapist and complete a minimum of 325 hours as a trainee in practicum, including a minimum of 225 face-to-face client hours. Students may need to take additional semesters of practicum to meet this requirement (CNS 539, 1 credit).

Grade expectations: A minimum GPA of 2.5 overall is required to graduate, with a minimum GPA of 3.0 in the major. Students are limited to receiving only 2 "C" grades in their counseling coursework. Grades of C- or below in any CNS course result in an automatic required re-take. Further, a "C" grade or below in one of the following core CNS courses (CNS 501, 505, 506, and 53X) will result in an automatic retake of the course. If the second attempt does not surpass a "C" grade, the student will be dismissed from the program. Additionally, a "C" grade in one of the student's practicum courses will automatically activate action to initiate a remedial plan.

On-campus course offerings: Courses are typically offered only once a year in the semester specified above. If you choose to deviate from this sequence, you may delay your graduation by a year. Please consult your academic advisor prior to making such changes.

Bible and theology class offerings: Bible and theology classes are listed in the order they are offered and in the best sequence for learning on campus. Should the MFT student desire more flexibility, these classes are offered in 2 unit segments online each semester (some restrictions may apply).
